LIV

*The price variation in each level is mainly due because our homes are fully custom-built. The number of square feet, the finishes selected and the location where the modules are delivered are only a few factors that affect the price of the house. Please note that the land, the foundation and the on-site work are not included in this scale. A virtual or in-person appointment is the best way to get a precise estimate for your project!

**This price chart is subject to change without notice.
